

WORDS OF WISDOM

SAPPING SPIRITUAL STAMINA

Part 1 of a 6-Part Series

LIGHT ILLUMINATES THE DARKNESS

Thomas Edison's invention, the lightbulb, continues to brighten our world. However, the lightbulb is useless unless it is connected to a power source, it has no capacity to light up by itself. Whenever the power is blocked or disconnected, the lightbulb becomes useless.

As Christians, our purpose is to let our light shine, not to be hidden. Our lives are to illuminate a dark world. The way we live our lives should help bring light into the lives of people around us. The Bible tells us "*You, however, are controlled not by the flesh but by the Spirit, if the Spirit of God lives in you. And if anyone does not have the Spirit of Christ, he does not belong to Christ.*" (Romans 8:9). We are powerless without the Holy Spirit.

Sin is a state wherein we are disconnected from the Lord. We must remember that we have the capacity to eliminate that darkness for we are the **light of the world** (Matt 5:14-16).

Remember to live each and every day energized and plugged into God!
